Body type:	Convertible	Engine:	4 Cylinder
Transmission:	Manual	Fuel type:	Gasoline
Disability equipped:	No	Exterior color:	Red
		Interior color:	Black
Options			
Convertible			

A pristine mint original **red** 914 that is unmolested and is of museum quality. This is truly a well documented survivor of one of the best year available. No emissions and the original fuel injected motor runs fine with a recent rebuilt fuel pump installed and a 350 m test drive from Spokane Washington to Portland Oregon with fuel mileage at 31.4 miles per gallon at 70 miles per hour. No leaks anywhere. Very tight manual rack and pinion steering. This 914 has been care taken by a gentleman with exceptional qualities for every car he owns.

This 914 has original paint and upholstery. Rear trunk paint has a few small blemishes but not bad enough to mess with. All detailed and preserved with Optimum products. Battery area is flawless, absolutely no rust. Tires are correct size and the spare still is original. This 914 wins every show it is entered in because of the originality including owner manual and maintenance records Look at the photos below as they speak for themselves.

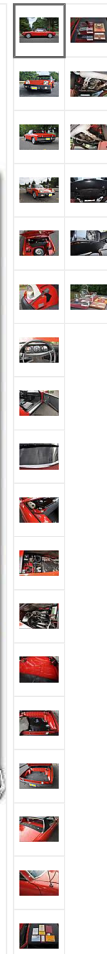

The reason for selling this fine car is that the owner and I drove a 2006 Cayman S and his criteria was to have the most fun car to drive. Need I say any more. He will also be selling his 1997 mint original **red** 993. It is not about quantity, just preserving one fine exceptional car through extensive research and patience. The car is for sale locally at Camp 914 through Craig L. and we have the right to end the auction early if a buyer is to purchase.

Questions about this car? Call **Duanne** at: **(503) 761-9411** Last year I sold a 1976 Nepal orange 2.0 liter. It went to Germany. I am in the restoration business of automobiles and have been for over 25 years. I still own my restored 1975 914 2.0 liter that was purchased in 1989. Seen many 914's over the years. There is no way in today market anyone can match this car for the dollar amour we are asking, especially at a \$70.00 per hour rate. Be smart and buy the best 914 you can. If you understand this, you will thank m

Two items do not work at this time. The horn and the windshield wipers. Not sure why, but may be an easy fix and I may try to do it

On Aug-19-09 at 21:12:31 PDT, seller added the following information:

Replaced one relay on fuse panel and wipers and horn work fine. All items on car now function. This 914 is now at Camp 914 in Oregon City OR with

Questions from other members

	Date
<p>Q: Just a few questions about your 914. Has there been any body work or paint work done on this car. Any dents, dings, or scratches in paintwork. Is the car...more</p> <p>A: I spoke with a someone who indicated to me the back panel had been painted due to having the Porsche reflector removed upon the second ownership When I just...more</p>	Aug 23, 2009
<p>Q: Hi- Is this a one owner car? Please tell me about the provenance and the actual history of the car. Do you have the original bill of sale? thanks</p> <p>A: Hi, No this is not. Friend has had this car for three years. He purchased the car from a Porsche enthusiast in PA. This car was originally sold in CA and...more</p>	Aug 19, 2009
<p>Q: just thought you would like to know that the horn, wipers, and cig lighter are all on the same circuit. it is either the fuse or the relay under the fuse panel...more</p> <p>A: Hey thanks for advice which I followed and all works now. It was a bad relay.</p>	Aug 19, 2009

Safe Buying Tips for Vehicles

- 1 **NEVER** pay for a vehicle by instant cash transfer, such as Western Union or Moneygram.
- 2 **ALWAYS** check the My Messages section in your My eBay page to confirm any emails from us requesting account information.
- 3 **GET** a vehicle history report before purchasing a used car (1981 or later).
- 4 **BEWARE** of fraudsters who send fake email messages claiming to represent or offer escrow services as part of eBay's Vehicle Purchase Protection program.
