SOLD.... \$20,000 to Uwe in Germany. He sent a transport and they just picked it up. Hope this helps the value of all your 914's out there. And I hope it makes you grind your teeth to the gums for all of you who messaged me saying that I wouldn't get more than \$10k.

Thank You to all that supported me.

Good sale! I still got more for mine. 😊 that car was worth \$22-24. This time of year \$20k is a good sale. I called you the second you listed it on Craigslist and tried to get it for \$15k. But you were on to me. 😊

Found my next 2, secret for now! :)

Admins or Pat G - this one might be better off in either the Garage or O&H, or maybe a new (sub-) forum for Sold 914 Comps?? 🙏

I'm suggesting this, because IIRC the classified ads expire & go away after a while.

TMI...

Jeff also has comps on his website!

So get this one in there Jeff, & his original FS ad had some write-up on what was included & a few more pix too.

I'm torn over this sale. The selfish side of me is very sad to see this one leave our area for Germany. But I'm very happy to hear you got your price I know I would have done the same if I were in your position.

Congratulations! 🎉 🙌 🙌

Congratulations. That's actually a pretty good price for that car in Germany.

Thanks guys!

My whole family thought it was a scam and didn't believe me even after depositing \$2k into my bank for a deposit 2 weeks before he called from LAX and 8hrs later showed up with \$18k cash and a trailer set for the SF ports. He was a nice guy. It went flawless.

Back to the motherland!
