1974 Porsche 914 2.0 beyond concours perfection! This particular 914 was our original concours car several years ago, winning every competition we ever entered!

Years ago Dr. 914 wanted to achieve perfection in a 914. At that time new original parts were readily available and the sky was the limit in what could be had.

Starting with a pristine 60,000 original Zambezie Green 914, George began to order new parts starting with five brand new fuchs alloys, every bit of exterior trim and a brand new factory interior – not that this beautiful car needed any of it, but he wanted everything factory fresh – for the sport of it! George went to the extent of buying four of each part, choosing the best of the best and then installing it on the car. With no expense spared over \$20,000 was spent on the new parts alone.

The result is a spectacular car that shows and drives as new – making you feel like you're right back in the 1970's.

If you desire the ultimate in 914 perfection, an occasional driver, frequent concours entry and total garage queen, this car is it!
