# Precisely Right...

VPC is the recognized leader in Porsche and Audi air conditioning. Engineered to last, VPC air conditioners are precisely right for Porsche and Audi.

## ... FOR THE AUDI

VPC offers two high quality models to complement your investment. Perfectly compatible in design, these air conditioners are attractive additions to the personality and comfort of your car.

### AUDI 100 (Above)

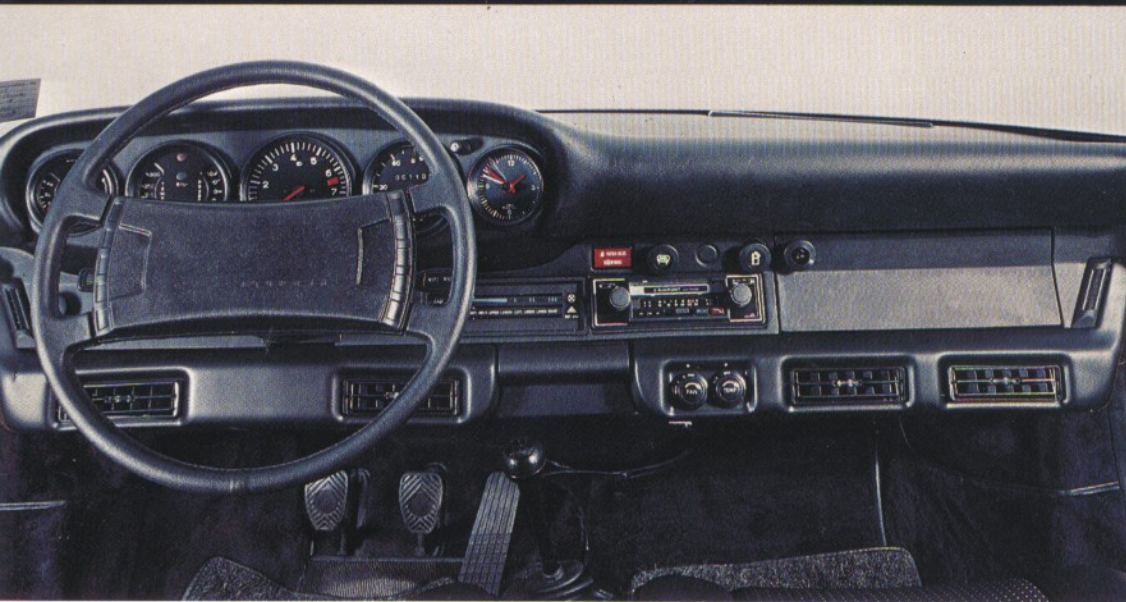

Luxury air conditioning with genuine factory look. Illuminated controls with four-speed fan and adjustable thermostat located in console. Four multi-directional louvers in dashboard.

### FOX (Below)

Compact, high capacity air conditioner concealed behind dashboard. Three large multi-directional louvers. Illuminated four-speed fan control and adjustable thermostat.

... FOR THE PORSCHE

Precision is the key word. Designed, engineered and manufactured to meet the high quality standards of perfectly matched appearance and performance you would expect in your Porsche.

**PORSCHE 911  
and 912**

Porsche excellence. Soft evaporator covering matches dash perfectly. Three-speed fan. Adjustable thermostat. Four multi-directional louvers.

**PORSCHE 914**

Fits all models with or without console. Three-speed fan. Adjustable thermostat. Four multi-directional louvers.
