

USA 914/4 Porsche Wiring Harness Identification Guide - DRAFT (19 January 2024)

Quick USA 914 Porsche Chassis Harness ID	Feature	1970-Early 1971	Late 1971	1972	1973	1974	1975-76
	Steering Column Switches Connector		12-pole	14-pole connector	3 separate conn. = Ignition, Turnsignal switch, Wiper switch		
Fasten Seat Belt Light at dash				4-pole			2-pole
Center Console Wiring Harness Connections							
Headlight switch		10-pole					11-pole
Fuel pump location		Below engine bay, passenger side					Below fuel tank, separate ground wire
Oil temp gauge wire (green/black stripe)		From relay bd, to combo gauge taped to horn			Below battery tray		
Dual horns and rear license plate lights with removable F&R harnesses							
EGR counter and CAT relay circuitry internal to harness							

Chassis Harness	1970- Early 1971	Late 1971	1972	1973	1974	1975-76
914.612.021.XX	.10	.12 (incl. optional Sportomatic circuit)	.13 / .14	.15	.16	.17
From Chassis		To VIN 4722900008	(.13) from VIN 4722900009 - 4722908250 / (.14) from VIN 472208251 to end of MY 1972			
Black spiral tape wrap		Cloth			Cloth or Vinyl	Vinyl
Fuse panel wiring/fuse configuration	1970-71		1972	1973	1974-76	
Fuse panel wire management	None				Wax tie	
Master brake cylinder switch circuitry	2 wires				2 wires (early) or 1 wire (late)	1-wire
Steering Column Switches connector - Ignition, parking, turn signal, dimmer, horn	12-pole (911.612.122.02) to VIN 4712909636	14-pole (911.612.115.03) from VIN 4712909637 (only 13 pins used)	NA			
Ignition switch connector	NA		6-pole (111.953.635)			
Turn signal switch connector	NA		9-pole (111.953.633)			
Wiper/washer switch connector	Dash mtd. switch (141.955.317A), quick connects		Steering column mounted switch, 5-pole connector (111.953.635)			
Headlight switch	10-pole (914.613.414.10)			11-pole (914.613.414.15)		
Hazard switch	7-pole (411.953.235A)			8-pole (411.953.235B)		
Dash gauge lighting	Separate dash lighting harness-5 bulb		Separate dash lighting harness-off hazard switch			
Main battery wires	3 red w/large power wire in 1 lug, and terminal block near fusepanel			4 red wires in 2 lugs		
Relay board connector, 14-pole wiring layout	1970-71		1972	1973-76		
Optional Sportomatic circuit (1) Green wire from dash gauges to near relay board						
Fuel pump location	Below engine bay					Below fuel tank, add'l ground wire
Oil temp gauge wire (green/black stripe)	From relay bd, to combo gauge taped to horn		None	Below battery tray		
Yellow starter wire	2.5mm ²			4.0mm ²		
Door switches	4-pole			2-pole		
Single horn, drivers side, by foglight						
Dual horns, mounted near foglights						
Dual horns mounted under front chassis and rear license plate lights, with removable harnesses						
Foglamp circuits in harness	No foglights <1/1970					
Diode at combo gauge						
Two separate Left/Right turnsignal bulbs in tach						
Single turnsignal bulb in tach						
Separate dash lighting harness						
Seatbelt Warning System - 4-pole 'Fasten Seatbelt' light, seatbelt switches, pass seat cushion switch, round buzzer at fusepanel			Fasten Seatbelt light (911.632.012.00)			
Seatbelt Interlock System - 2-pole 'Fasten Seatbelt' light, seatbelt switches, seatpad switches, interlock/cube buzzer relays			Fasten Seatbelt light (911.632.012.01)			
Wiper relay trip wire in harness (brown/black stripe)						
3 circuits taped to harness near wiper relay trip wire, (2) brown/white in same WT, 1 brown						
Center console wiring harness connections						
CAT/EGR Circuits. CAT mileage counter circular housings near brake switch and at left taillight rear trunk. CAT/EGR circuits at dash gauge panel.						
Double-ended grommet (snorkel tube)	30mm x 40 mm x 230 mm			40mm x 40mm x 280mm		
Grommets: 2 headlight, 2 foglight/horn, 1 MC switch, 1 front trunk bulkhead, front firewall, double-ended, fuel pump, rear trunk bulkhead, license plate light						

Supplemental wiring harnesses to chassis harness:			1970-Early 1971	Late 1971	1972	1973	1974	1975-76
Type	PN	Harness Description						
Fog Lights	914.612.067.10	Diode with cable for relay (72-)						
	914.612.057.10	Wiring harness switch for fog headlamp and rear foglight, g2						
	914.612.057.13							
	914.612.115.10	Additional cables for rear foglight, g14						
	914.612.115.13							
Double Horn	914.612.065.10	Additional cables for double horn						
	914.612.177.00							
Wiper Delay	914.612.143.10	Additional cables for interval relay windscreen wiper system						
Lights/Gauges	914.612.051.10	Additional cables for direction indicator lights						
	914.612.052.10	Additional cables for switch high-beam headlight						
	914.612.052.11							
	914.612.041.10	Wiring harness for lights and instruments						
CAT relay/EGR counter	914.612.043.01	Positive cable instrument cluster (2.0L-only)						
	914.612.109.20	CAT relay harness (CA-only)						
Radio	914.612.053.10	Wiring harness for radio, Blaupunkt						
	914.612.054.10	Wiring harness for radio, Blaupunkt, G40t						
	914.612.055.10	Cable for loudspeaker for radio, Blaupunkt						
	914.612.060.10	M1 cable for loudspeaker, Becker						
Emergency Brake	914.612.121.10	Wiring harness for radio, becker, g8						
	914.612.132.12	Wiring harness for emergency light switch brake, 2-pole						
Rear Window Defroster	914.612.049.16	Additional cables for emergency light switch brake, 1-pole						
	914.612.056.10							
	914.612.056.13	Additional cables for rear window heating						
	914.612.056.14							
License Plate Light	914.612.085.00	Wiring harness for license plate light						
Steering Column Cable	914.613.911.10	Brown/white stripe, horn ground						
Oil Temp Sender Cable 1		Cable for engine sender to ignition harness						
Oil Temp Sender Cable 2	914.612.145.10	Cable for engine sender to chassis harness (appearance group) (72-)						
Oil Temp Sender Cable 3	914.612.155.10	Cable for instrument cluster without center console (2.0L-only)						

Engine Bay Wiring harnesses			1970-Early 1971	Late 1971	1972	1973	1974	1975-76
Fuel Injection Harness 1.7L	022.971.819	W-code engine						
	022.971.761F	EA/EB-code engines						
Fuel Injection Harness 1.8L	022.971.761G	EC-code engine, 6-pole AFM (1974-only)						
	022.971.761Q	EC-code engine, 7-pole AFM (1975-only)						
Fuel Injection Harness 2.0L	039.971.761B	GA-code engine						
	039.971.761A	GC-code engine, Speed Limiter, (CA-only)						
Alternator Harness	039.971.761?	GC-code engine, no Speed Limiter, (49-state)						
	021.971.349D	All 914/4						
Ignition Harness 1.7L	914.612.007.10	W-code engine						
	914.612.007.13	W-code engine						
Ignition Harness 2.0L	914.612.007.15	EA/EB-code engines						
		GA/GC/GCSL-code engines						
Ignition Harness 1.8L	914.612.016.16	EC-code engine (1974-75 only)						
Battery+ cable	914.611.031.00	From battery+ post to starter motor
